Here's what they're saying:

I just tried my first bottle of WP CHOMP! When they told me about it at the store, I really didn't think it could work as well as they said. They were right and it is amazing! What a product! It saved me so much time and effort, I cannot even begin to tell you how much I love WP CHOMP!

I love this product because it isn't messy, isn't harmful, doesn't stain the carpet and, in addition, THE WALLPAPER FALLS OFF THE WALL! Thanks so much for making my life easier.

What makes WP CHOMP!® so great?

Whether you pull off the facing or score the paper one fact of wallpaper removal remains — you must penetrate the backing to get to the glue. You want to do this as fast and easy as possible in a safe and pleasant way . . . but how?

WP CHOMP!® to the rescue...

You'll agree, with WP CHOMP!®, removing wallpaper is now as easy as 1,2,3,4:

1. **Fast acting** – WP CHOMP!® penetrates fast like magic! Every bottle of WP CHOMP!® contains billions of enzyme producing microbes that quickly attack and break down wallpaper adhesive. Combined with a rich surfactant package, WP CHOMP!® speeds the removal process.
2. **No gels** - WP CHOMP!® goes on fast and delivers great coverage.
3. **Will not stain** - WP CHOMP!® contains no dyes – over-sprayed areas wipe clean, fast and easy.
4. **Safe to use** – WP CHOMP!® is pH neutral and in independent lab tests measured 5X less toxic than baby shampoo. Finally, WP CHOMP!® has a natural light scent and is pleasant to use.

Your customers will thank you for recommending WP CHOMP!®

- **Makes a slow job quicker** – wallpaper removal is faster and easier making redecorating a pleasure, not a pain.
- **Makes an unpleasant task less so** – pH neutral, non-caustic, WP CHOMP!® is easier on your skin and its light citrus odor doesn't chase you out of the room.
- **Safe to use** – WP CHOMP!® is less toxic than baby shampoo and will not stain or damage surroundings in your home.
- **Excellent value** – WP CHOMP!® gives great coverage allowing you to do more faster.
